## NEW DEPUTIES WILL BE ADDED TO GAME FORCE

The game warden department of Arizona is to be greatly augmented during the "open" seasons of the next year in order that the many new game laws will receive strict observance. The addition of at least seven deputies will be made within due course of time, according to Mrs. Craig, acting game warden.

Need for a larger game warden department has long been felt, according to Mrs. Craig, but the work of the office has been stunted by the case of the United States at the Arizona Game Warden's office.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

ception of an appropriation of \$1,000 by the legislature.

Under the former license fee of fifty cents a year for resident hunters it was impossible to carry out the work of the department in the proper manner. But with the passage of a new law making the annual license fee \$1.25, two and one-half times as much money will be afforded the department as a working nucleus.

In the past, the department has struggled along with either two or three deputies to enforce the laws. As a result, hunters paid little heed to the laws and the guilty one were seldom apprehended, primarily for the reason that the territory is so large that the small force of workers had little opportunity to cover the ground.

According to Mrs. Craig, even ten deputies are insufficient to carry out the work in the proper manner. There should be at least one deputy to each county, she stated yesterday afternoon, if the best results are to be secured.

At the election last fall several new game laws were effected, including laws that will shorten the open seasons and reduce the bag limits.

At the present time, all kinds of game are protected in the state. The first open season does not start until July 15, when it will be permissible to shoot white wings and doves. The open season on these birds is from June 15th to Dec. 31.

Game legislation in Arizona has been an uphill battle according to Mrs. Craig because residents of the state were never prevented from

killing as much game as they desired. As a result when attempts were made to pass laws restricting the hunting of various birds and animals, the bills met with strong opposition and it was with the greatest difficulty that they were finally passed.

The non-resident license for 1917 will be \$10 for birds and other small game and \$20 for big game. The alien fee will be the same. It is expected that between 18,000 and 20,000 licenses will be issued during the year.

## Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!

"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good.

"Gets-It" is sold by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Clifton and recommended as the world's best corn remedy by Clifton Drug Co.

## Edison is Right!!!

You admit the International Correspondence Schools are a good thing. You'd take a course right now "if"—"except"—"if" what? If you weren't so "overworked," with such "long hours," or had more strength and energy? Wasn't it Edison who stayed up half the night educating himself in spite of every handicap you could ever have?

All big men who have made their mark in the world had the ambition—the determination—to improve their spare time, to train themselves for big work. You, too, can possess power, money and happiness if you'll only make the effort.

Here's a task: Merely mail this coupon. Put it up to us without paying or promising. Let us send you the details of others' success through the I. C. S. and then decide.
